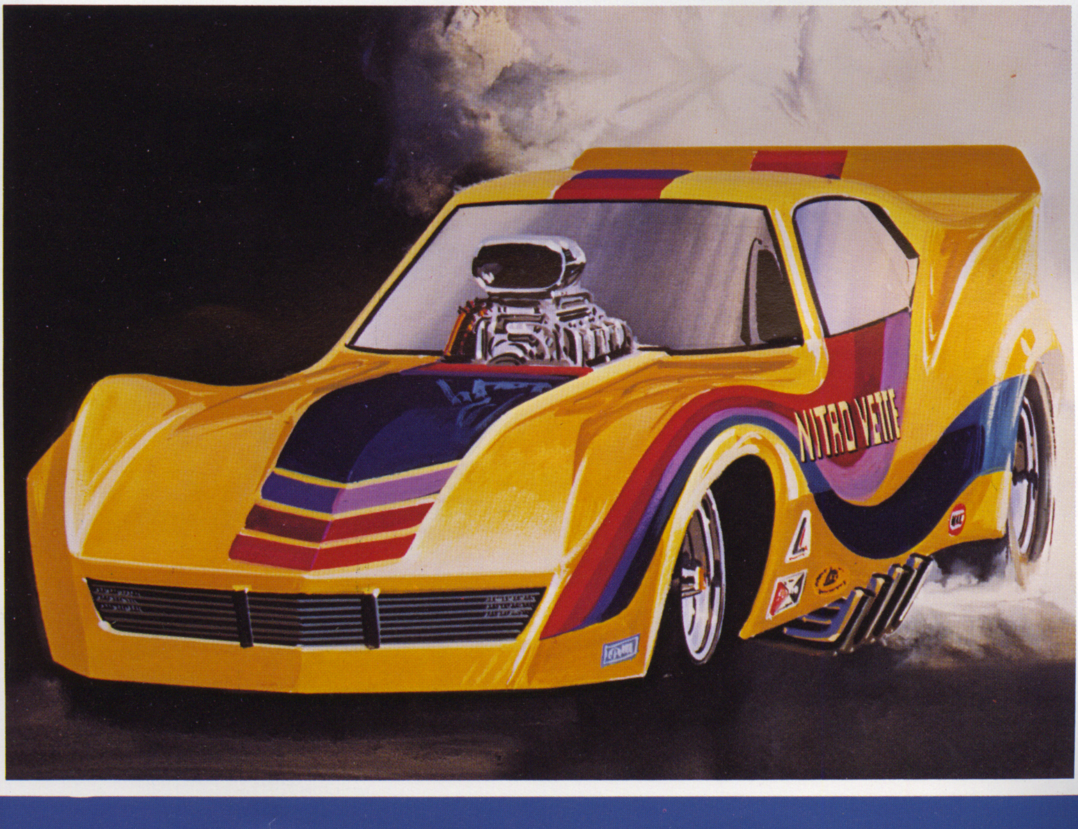
WORLD'S FASTEST CAR
739.666 MILES PER HOUR
STAN BARRETT
WILLIAM FEDERICK
HAL NEEDHAM
Budweiser

BUDWEISER ROCKET CAR

The honor of being the World's Fastest Car has been sought by the biggest names in the automotive industry. The latest effort to break the Speed of Sound on land is being done by Hal Needham (producer of "Smokey and the Bandit"). Along with Budweiser they have produced the unique Budweiser Rocket. This rocket-powered three-wheel missile has gone 740 miles per hour, making it the World's Fastest Car.

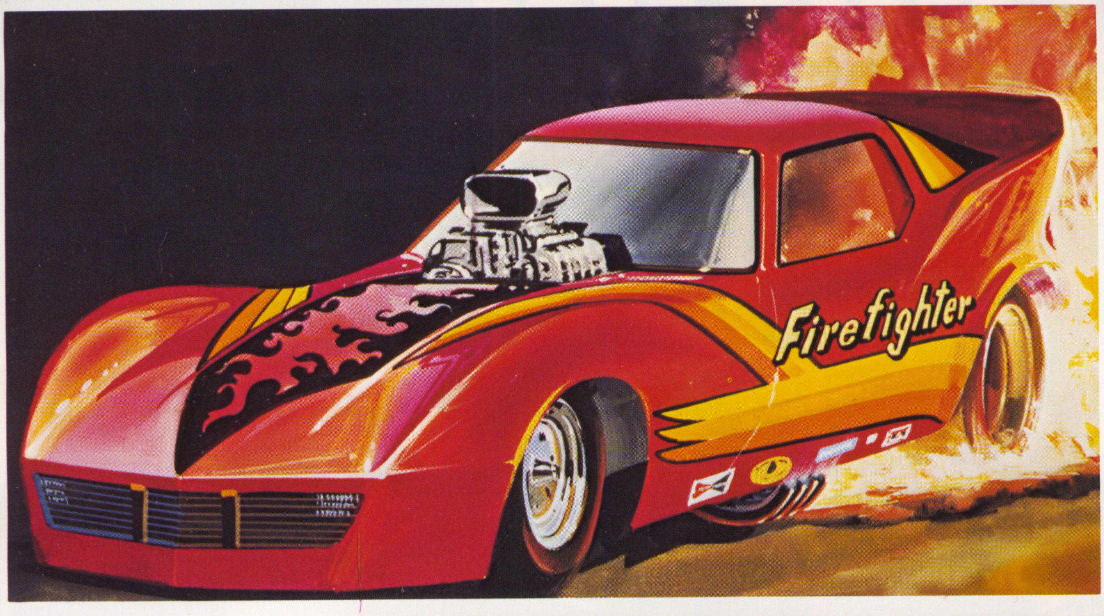
This 1/25 scale detailed replica is 19 inches long, molded in color with clear removeable panels to show the structural details of the car. Plated parts and driver figure are included. **No. 1-0801**



NITRO VETTE

NITRO VETTE

This wild long-chassis Corvette is a strip terror with it's giant slicks, full racing interior, blown and injected Hemi engine, tilt-up custom Corvette body and colorful decals. Molded in yellow. **No. 1-0701**



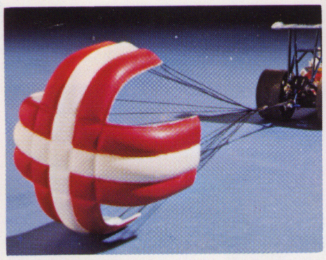
FIRE FIGHTER

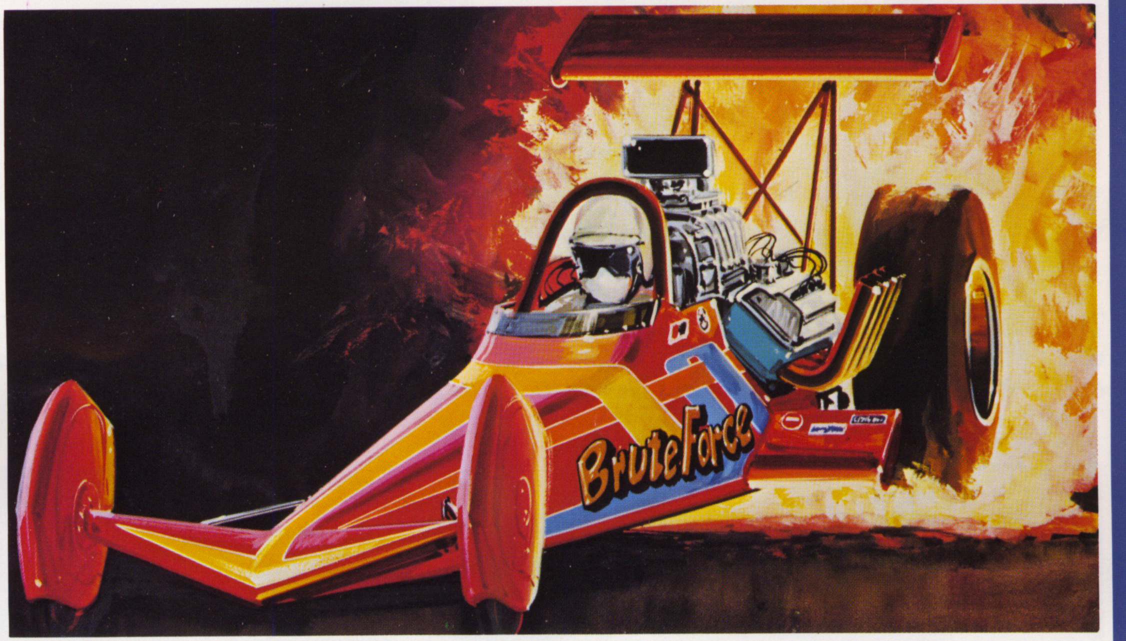
A super wild Corvette funny-car featuring all the parts to make it a flaming success. Body tilts up to reveal a blown and injected engine, tube chassis, giant slicks and much more. Molded in red.

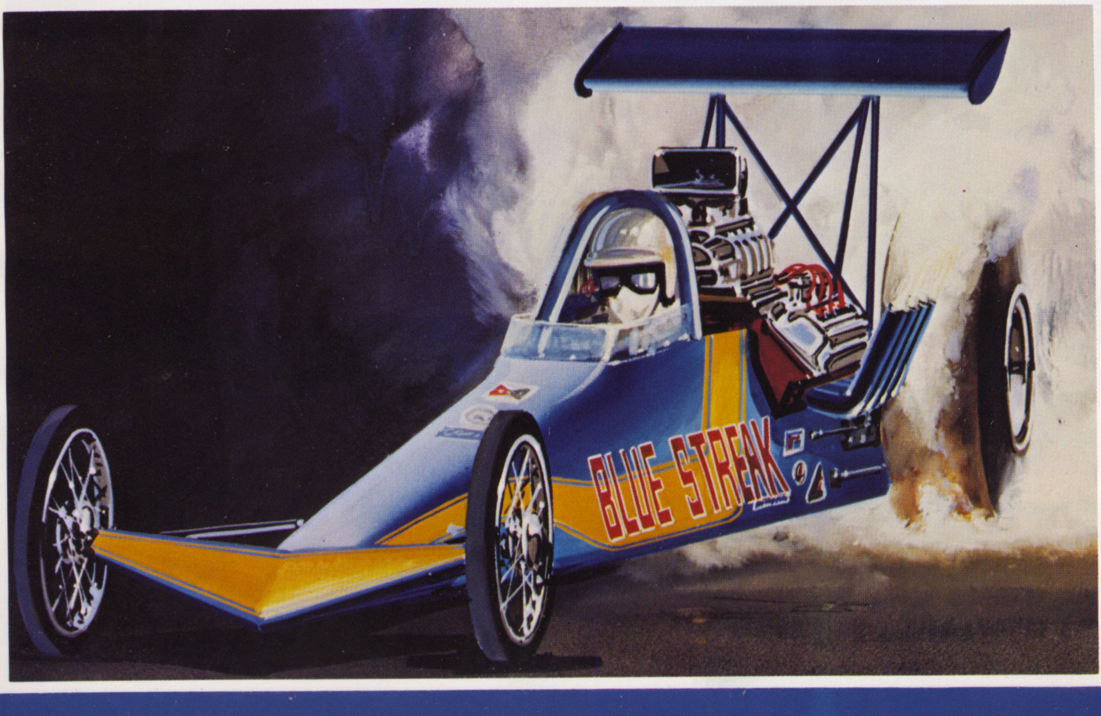
No. 1-0702

BRUTE FORCE

Here is one of the wildest rear engine dragsters to ever burn up the strip. BRUTE FORCE features blown injected Hemi engine with zoomie pipes, fully detailed tube chassis, giant slicks and aerodynamic body with big rear wing. Molded in red. **No. 1-0703**





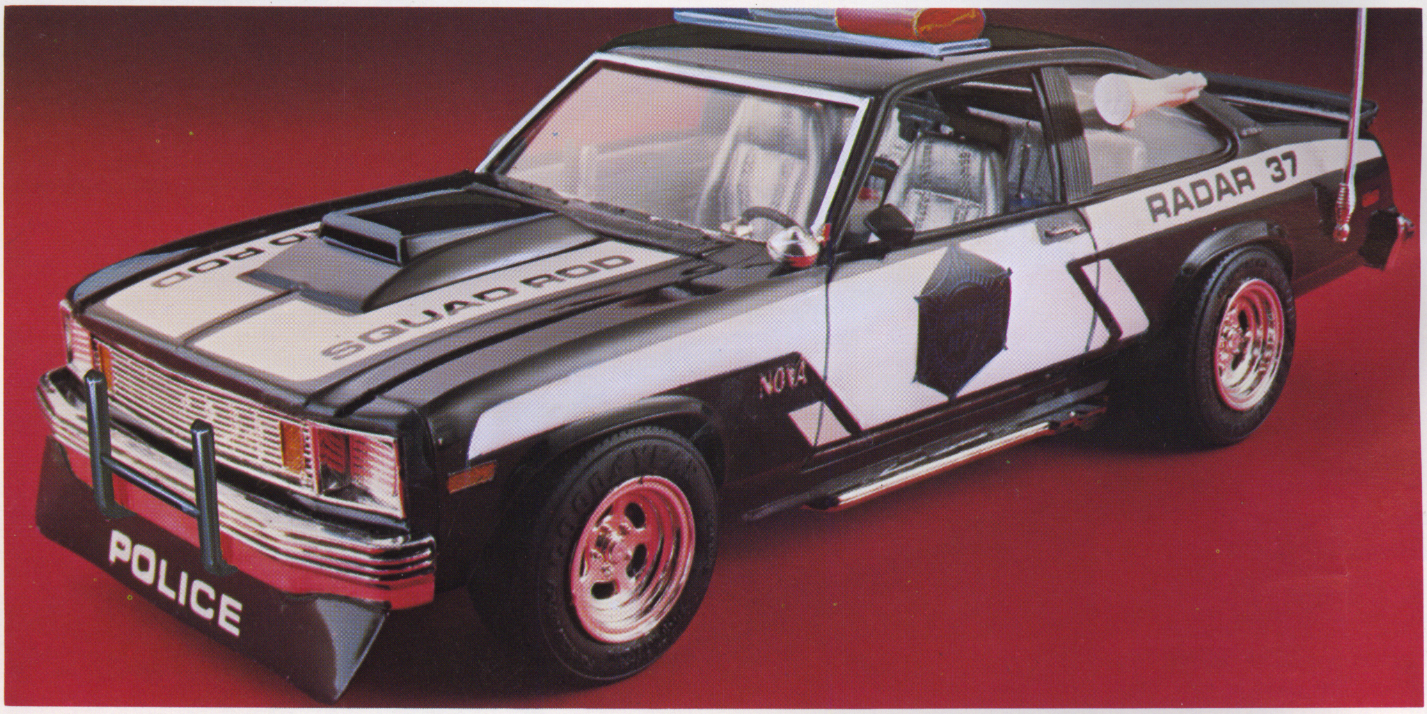


BLUE STREAK

This super-charged rear winged dragster has all the parts and details to make it a real winner, including big Hemi engine, giant slicks, full front-body fairing and front wire wheels. Molded in blue.

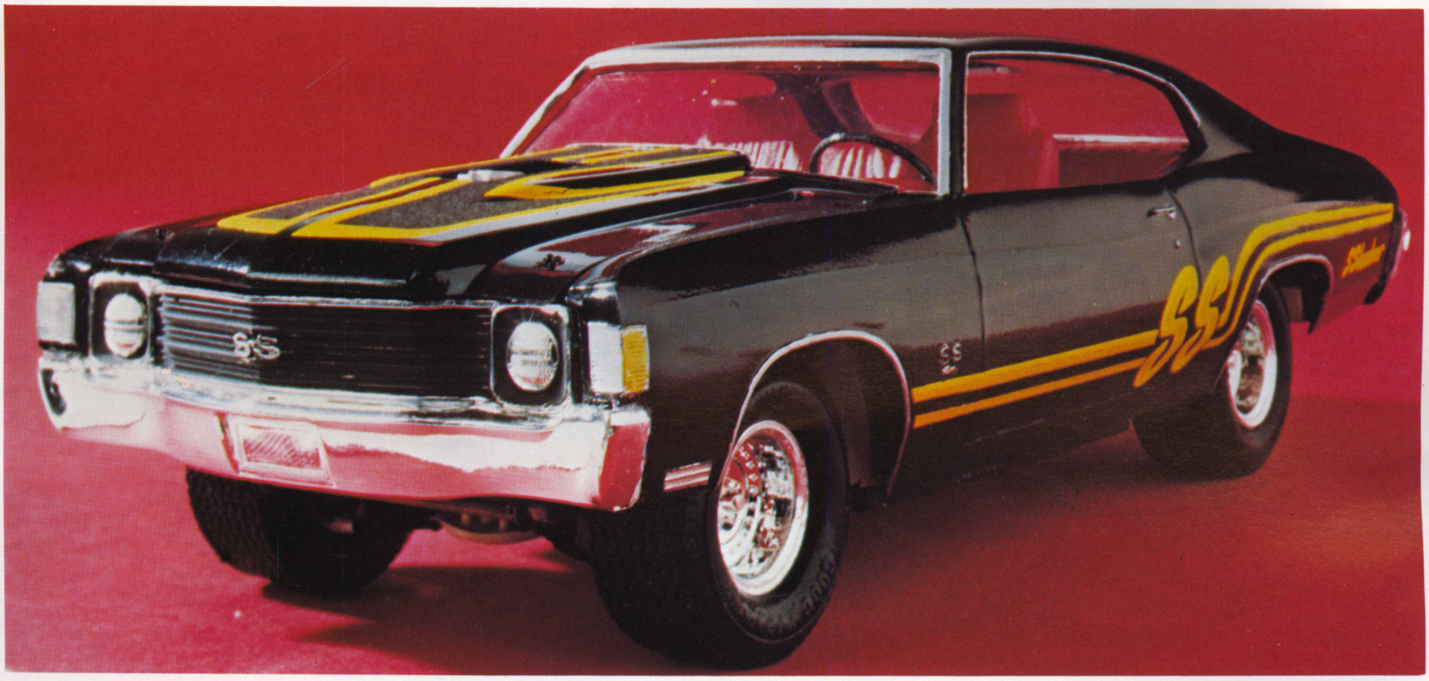
No. 1-0704

1/25 SCALE CARS



"SQUAD ROD" NOVA

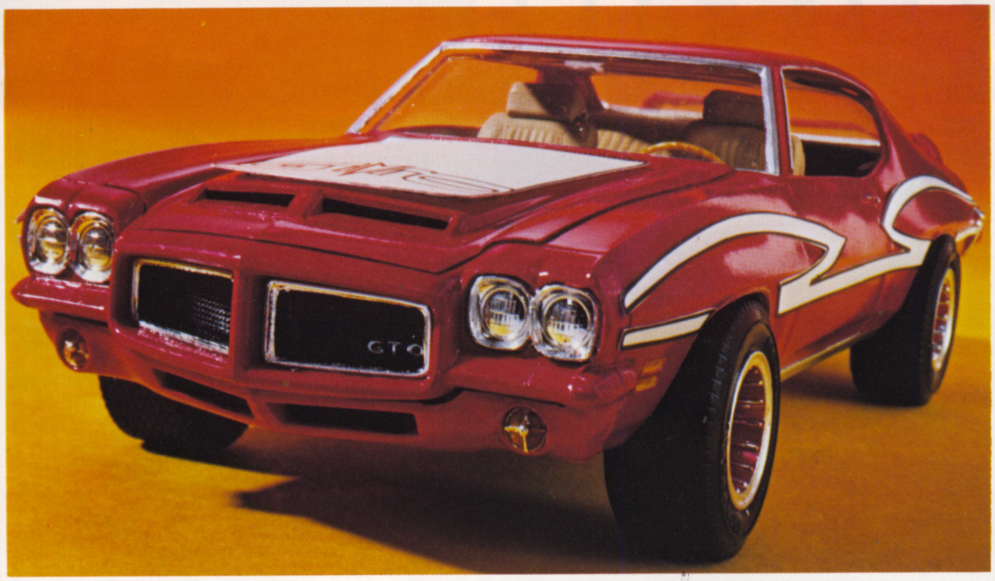
This wild Hot Rod Police Car has all the popular police equipment, plus the latest custom goodies. With spoilers, radar equipment, weapons, communication set-up, and a streamlined light bar. This Black-and-White will be the fastest prowl car around. **No. 1-0744**



THE SSLASHER-CHEVELLE SS

Known as the last king of the muscle car, the monster early 70's Chevelle was ruler of the street races. Very popular with today's customizers, the SS has the tough good looks to go with all its performance equipment.

No. 1-0749



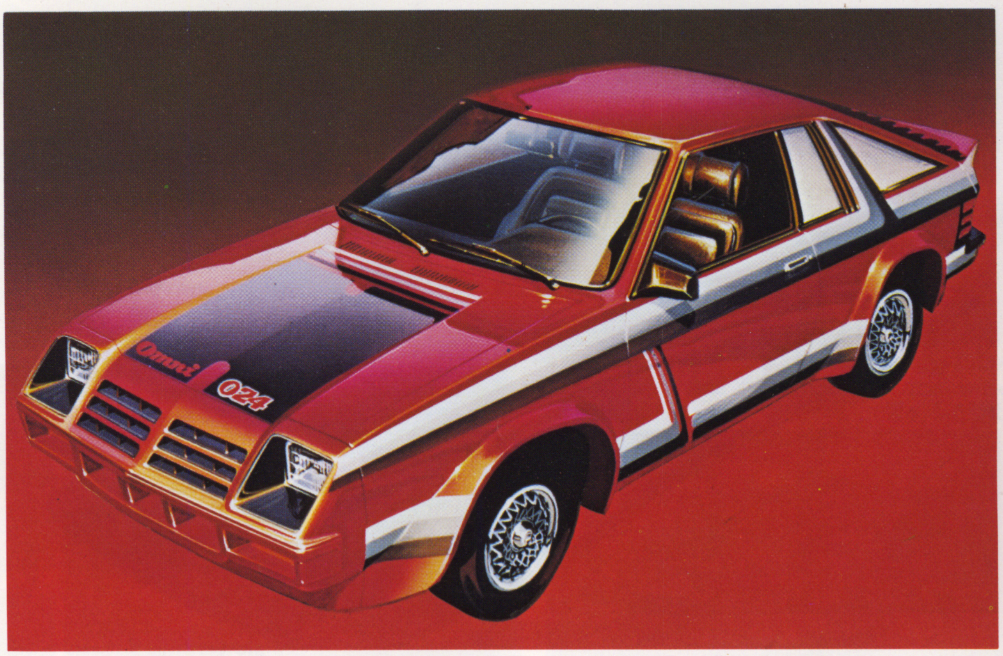
CLASSIC GTO

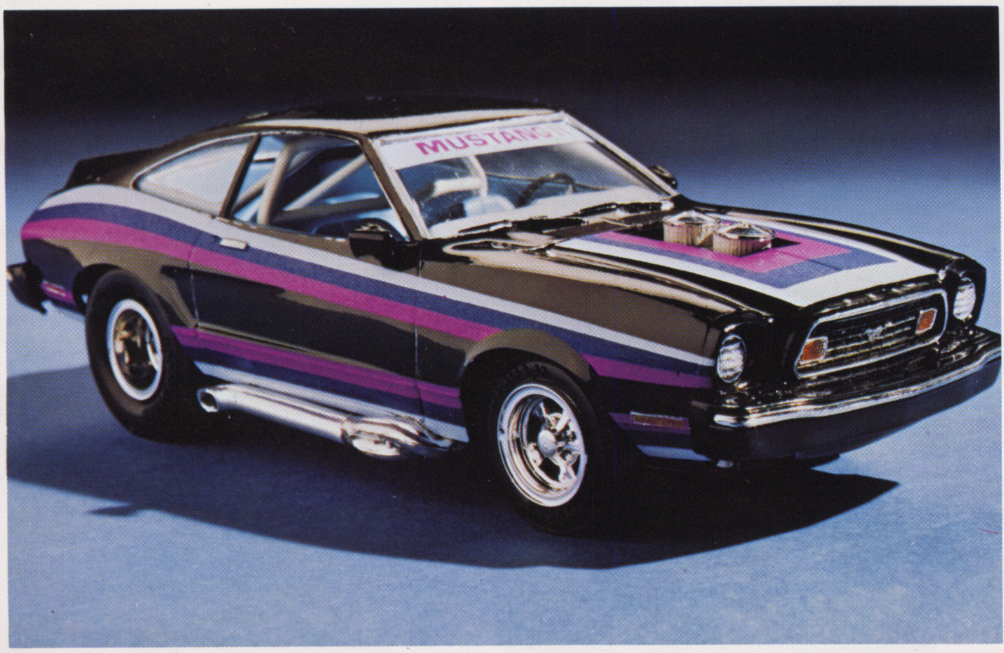
The biggest name in '60's muscle cars was the GTO. The '72 GTO was the ultimate machine in this series with its 455 cubic inch engine and custom-looking front end. This kit features a custom Harry Bradley decal design, wide custom wheels and tires. Rear deck spoiler and custom street machine equipment.

No. 1-0748

OMNI 024

America's newest sports car, Dodge's new front wheel drive 024 is here from MPC. Build it with all the factory options or add special wide wheels and tires, air dam, fender flares, Recaro seats and a turbo charger for a really super Omni. Molded in red. **No. 1-0789**





MIDNIGHT MUSTANG

A rugged pro stock Street Machine based on the popular Mustang II. This Harry Bradley custom features wide rear slicks, big V-8 engine, full race-modified chassis and interior roll bars. Dramatic paint scheme also designed by Harry Bradley.

No. 1-0756

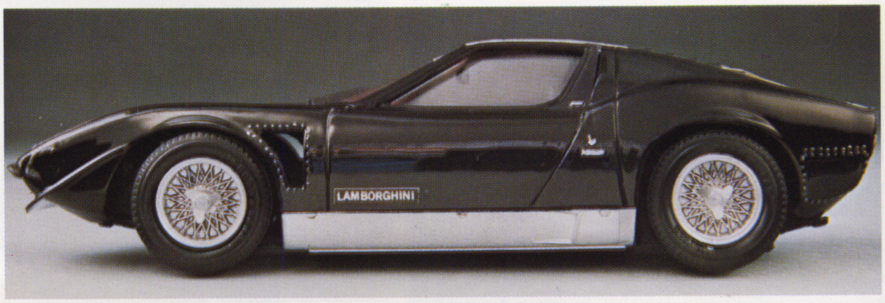
THE ULTIMATE

SPORTS CARS

The best of the international Sports Cars in easy-to-build kits. Detailed with full interiors and steerable wheels. Flat finish plated parts, two-color molding and custom sport decals highlight these 1/24-scale models for ages 10 to adult.

LAMBORGHINI MIURA

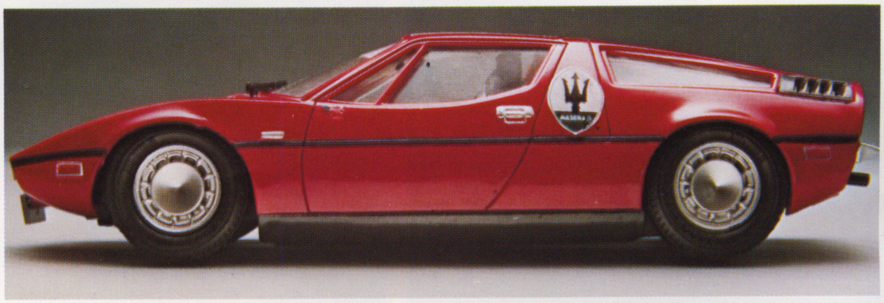
The Miura has set a performance standard for road cars for ten years. The modern classic from Lamborghini features a 430-horsepower race-bred engine, transverse-mounted (sideways) in a superb chassis. **No. 1-0551**



LAMBORGHINI

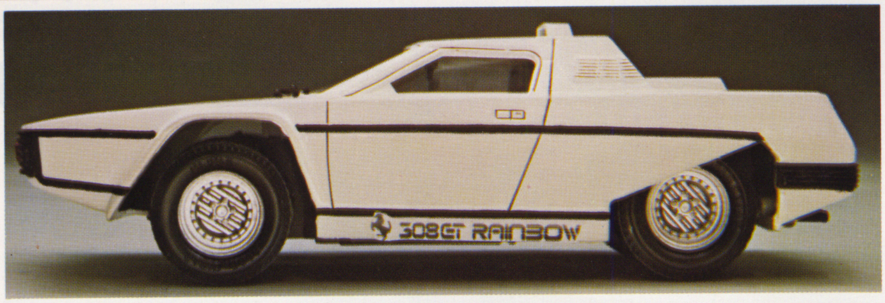
MASERATI BORA

The Maserati Trident has graced some of the world's classic performance cars since 1922. Today, the Bora carries on this proud tradition. Light and fast, this unique compact mid-engine design is considered one of the finest road cars in the world. **No. 1-0552**



FERRARI 512

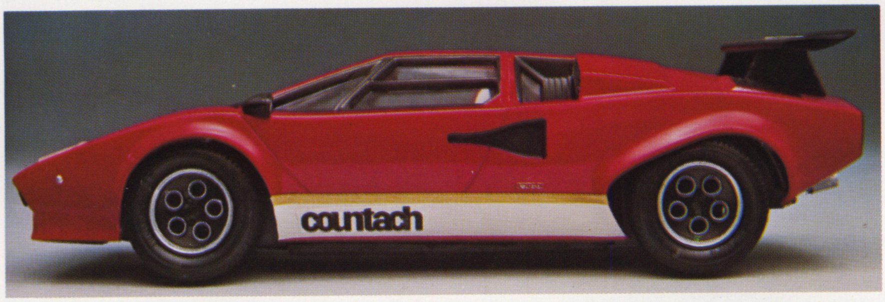
In the early '70's, Ferrari set out to build its latest super high-performance road car. The result was the sculptured beauty of the 512. Selling for over $85,000 in the United States, the 512 is perhaps the ultimate Ferrari sports car to date. **No. 1-0553**



308GT RAINBOW

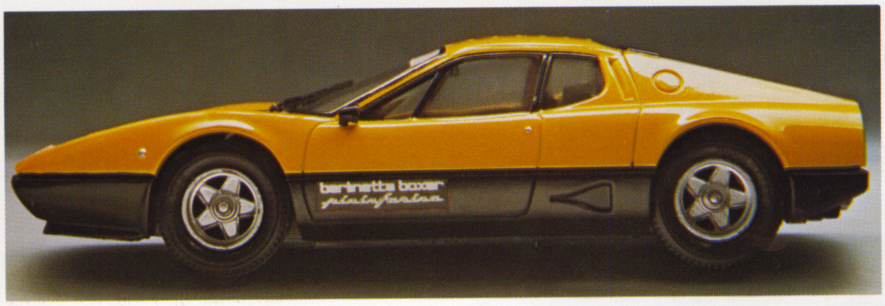
FERRARI RAINBOW

The talk of the International Auto Shows 1977, the one-of-a-kind 308 GT Rainbow is Ferrari's idea car for the future. The advanced squared-off design, and proven chassis, make this 150-mph show car a true prototype of the Ferrari of the future. **No. 1-0554**



LAMBORGHINI COUNTACH

Named the most exotic car design in the world for the last two years, the Countach is also the fastest production car in the world. Capable of 205 miles per hour, the Countach sells in the United States for almost $100,000. **No. 1-0555**



berlinetta boxer
pininfarina

FERRARI BOXER

Named after the "Boxing" cylinders of its mid-mounted flat-12 engine, the Ferrari Berlinetta Boxer has been described by every imaginable superlative. Capable of over 185 miles per hour, the Boxer has achieved a reputation as one of the best designed exotics ever built. **No. 1-0556**

CLASSICS

These three beauties highlight the progress in the American automobile - each a true classic of its time. MPC brings these cars back in fine detail with working parts and molded in color.

The 1914 Stutz Bearcat Raceabout, the first true American sports car.

Roaring through the '20's the classic Locke-bodied Lincoln Roadster.

And entering the luxury car field, the 1932 Imperial Convertible Sedan by Chrysler.
